**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I live in San Francisco, so I'm lucky to be able to choose my internet provider. I chose Sonic because they're a great local company with competitive prices, excellent customer service, and data privacy ethics that I support. I'm writing to you because I believe that EVERYONE deserves this kind of choice, and I'm worried that massive telephone companies like AT&T and Comcast are trying to undermine this. It's important to have a fair, competitive marketplace for internet service--not just a few monopolies who dominate everything and get to dictate prices and policies. Please don't let AT&T and similar corporate giants take away access to critical unbundled network elements that local internet providers need in order to reach customers like me.
